

Dear Parents,

Milk Bags Unlimited is an organization that we brought into the school last year. We collect milk bags and then weave them to make mats for those who are in need of something to sleep on. The milk bags we are collecting are the outer bag that contains the three smaller ones. Please be sure to air them out and dry them as we cannot use ones that smell or are wet. When you have your child bring some in, they can deposit them in the box outside of the office.

Last year, in two months, we collected over 1000 milk bags. We are hoping to receive even more to help those in need.

Ethan, Madison, and Avery Rilett
