

# STOP cyberbullying

**MARCH 28TH  
VENTURA PARK  
7-8PM**

## **Social Media and Cyberbullying Presentation For Parents, Grandparents and Guardians**

Presented by the experts at the York Region Police Department.

Social media is part of our children's lives. It is important for parents to learn how to manage social media with kids and help prevent cyberbullying. The presentation will focus on the positive and negative aspects of social media, sexting, internet safety, police involvement and consequences.

Don't miss out on this presentation with vital information about a very important topic! [RSVP: venturaparksc@gmail.com](mailto:venturaparksc@gmail.com)

### **What Is Cyberbullying?**

► Bullying is used to humiliate, threaten, oppress, torment, and tyrannize someone. It can be defined as a continuous misuse of power or authority against a person or a group of people that causes physical, emotional, and social harm to that person or group. If this kind of attitude and behavior happens online, it is called cyberbullying.
