

Making a Difference In Our Communities:
One Child to Another.

This upcoming spring, Kidz2Kidz will be partnering with Ventura Park, and the Believe to Achieve organization, to give back to communities in need.

Starting April 18 through April 30, we can give back by donating **gently used sports and leisure equipment** to the Rexdale police department, who will distribute the items accordingly. You can bring in hockey equipment, basketballs, baseball equipment, soccer balls, tennis racquets, golf equipment, skiing or snowboarding equipment, skateboards, frisbees, boxing gloves, football equipment, bikes, badminton racquets, squash racquets, skipping ropes, rollerblades, and just about any other piece of sports equipment.

All equipment should be dropped off at the school during this time period.

If you have any questions or concerns, please contact me in room 228, or direct your questions to the main office.

We hope that Ventura Park will help make this equipment drive a huge success.

Dylan Singer

- gently used equipment

- brand new items
- old or non-salvageable equipment
