

Guatemala mission trip!

My name is Sion Gang from 7C. I am going on a mission trip to Guatemala City during March break. Guatemala is a beautiful city with rich ethnic diversity, with over half of the population being of Mayan descent. However, the country suffers from frequent natural disasters, social inequalities and a history of corruption and violence. The purpose of the trip is to show my love and care to those who need our help. I will be helping build a school in the rural areas, and visiting orphanages. You can support this outreach through donations. I would like to kindly ask for school supplies and gently used or new baby to toddler clothing donations. I will leave a box outside of the office so, you can drop off the donations by February 28. Please do not hesitate to ask if you have any questions.
