

# York Region Vaping Information Sessions

Acknowledging the growing issue of vaping in our schools and the health risks associated with e-cigarettes and vaping, Caring and Safe Schools and York Region Public Health are hosting Vaping Information Sessions for families and members of your school communities.

## The session will discuss:

- What are vapes and e-cigarettes?
- Why do youth vape and try e-cigarettes?
- What are the negative health effects of vaping?
- Vaping and the law and school progressive discipline

## Two sessions are available:

April 15, 2019, 7PM at Vaughan Secondary School

April 29, 2019, 7PM at Newmarket High School

**To register, please RSVP by April 8 using [bit.ly/aprilvaping](https://bit.ly/aprilvaping).**

Our Board is committed to creating and maintaining caring, safe and inclusive environments that support the social and emotional well-being of all our students and employees. As outlined in the Board Plan (BIPSA): Mental Health and Addictions Strategy, schools are ideal settings for mental health promotion, addiction awareness education, resiliency development, and connecting those in need to care pathways.

If you have any questions about these presentations, please contact [Dawn Laliberte](#), Principal of Caring and Safe Schools, or [John Shep](#), Caring and Safe Schools Consultant.
